ABOUT US

BEYOND PREP is an initiative taken by intellectuals who help students prepare for IIT-JEE, NEET and OLYMPIADS in MUMBAI. The faculty consists of experts in the field of IIT-JEE, NEET and OLYMPIADS with an experience at least 10 years. They enjoy a tremendous goodwill and respect among the student fraternity. Many of their students have successfully cleared other competitive exams apart from IIT-JEE, NEET and OLYMPIADS. Dedication, Passion and perseverance are the hallmarks of this team.

Vision

Our vision is to provide commendable preparatory courses to Engineering and Medical aspirants that enrich the learning experience within a conducive & healthy environment

Mission

The mission of The BEYOND PREP is to help the Engineering & Medical aspirants in achieving their goals through a range of courses that stimulate self-regulated learning, develop an analytical & logical skills and transform aspirants into global leaders. To accomplish our mission, we:

- Implement diverse types of course-related support such as collaborative learning, adaptive assessment and healthy peer groups.
- Boost the confidence of students to emerge as successful global leaders.
- Identify the weaknesses of the students and turning it into strengths.
- Have the best pool of administrators and faculty members who are highly qualified and experienced.
- Foster a sense of collaborative learning amongst students.

Value

The values that underpin BEYOND PREP vision and mission are:

- Collaborative learning
- Integrated approach
- Student-friendly environment
- Knowledge as the biggest asset
- Competitive yet healthy peer group
- Professionalism, excellence, honesty, integrity and accountability

WHAT SETS US APART

ONLY 15 STUDENTS PER BATCH

A student joins coaching institute with a goal and at BEYOND PREP, we make sure that every student reaches his/her goal by providing them the best possible resources.

Best Faculty Members

We have the best pool of faculty members who are masters & Doctorates in the respective subjects. Besides their high qualification & great professional experience, all the faculty members are passionate about teaching and making the students learn in a logical way.

Rigorous Testing

Once a topic is finished in the class, the students are tested to check if they even understood the concept. Besides topic-wise tests, we conduct major tests and mock tests. Attempting various formats of tests helps the students to gain confidence & get familiar with the exam pattern.

Adaptive Assessment

Following the tests, students are provided a detailed assessment report through which they get to know their strengths and weaknesses. Understanding the weak points, they work harder with the help of faculty members and strengthen their concepts to perform well in the future.

Quality study material

Our comprehensive and quality study material is prepared by our faculty members and is updated regularly as per the examination pattern notified by exam conducting bodies. Our study material not only covers competitive examination curriculum.

Personalized Coaching

Knowing the fact that not every student follows the same pattern & pace of learning, we help the students through personalized coaching. Our faculty members are readily available for every student to sit with them for long hours and make them learn in a way they are able to grasp well.

Innovative Teaching

Unlike the traditional approach of teaching where the teacher teaches using a board, we at BEYOND PREP believe in innovative teaching methodology. Experiments are performed in the classroom to help the students learn applications of concepts in real-life.

FOUNDATION BUILDER

For students
studying in
class VII to X

There's an old saying "You reap what you sow". We strongly believe that the key to achieving excellence lies in a strong foundation. This is why, we have started our foundation courses to cultivate minds from a young age itself. Starting from Std VII BEYOND PREP lets kids explore the various avenues that science has to offer to them. The philosophy behind establishing such a course is to teach the fundamentals of Maths and Science. This enables a student to start early, giving them a big advantage for the future. It also helps them crack examinations like IT JEE, Medical UG, KVPY NTSE, Olympiads etc since all these courses are very much based on the fundamental concepts..

Admission Criteria

Direct Admission

We have a set percentage criterion for each course. Students scoring 95% or above in Physics, Chemistry and Mathematics/Biology or rank 1, 2 or 3 in IX Final Exam or X Prelims can get direct admission. Students who qualify for direct admission criteria can also appear for Scholarship-Cum-Entrance Exam to avail a scholarship

Scholarship-Cum Entrance Exam-BEST(Beyond Entrance-Cum Scholarship Test)

The **BEYOND PREP** Scholarship Test is an opportunity for the students to prove their aptitude for admission in to desired course at BEYOND PREP. It is also considered as a Litmus test to know whether a student is fit for Engineering or Medical domain. Through this exam, students intellect and aptitude is measured, on the basis of which they get admission into desired course.

Objective of BEST

Objective of conducting BEST is to identify students with the right aptitude and potential to pursue their career in either Engineering and Medical domain and support financially by awarding scholar-ships to deserving candidates.

Benefits of appearing in BEST

- Students can put their aptitude and problem-solving skills to test & stand a good chance of earn-ing scholarships through BEST.
 - A free counselling session at BEYOND PREP to help the students make an informed decision in regards to their respective career path.
 - Since BEST is conducted across India, students get a chance to compete with the best in their respective peer group.
- Appearing in competitive exam keeps alive the competitive spirit and participatory learning.

Social Initiative

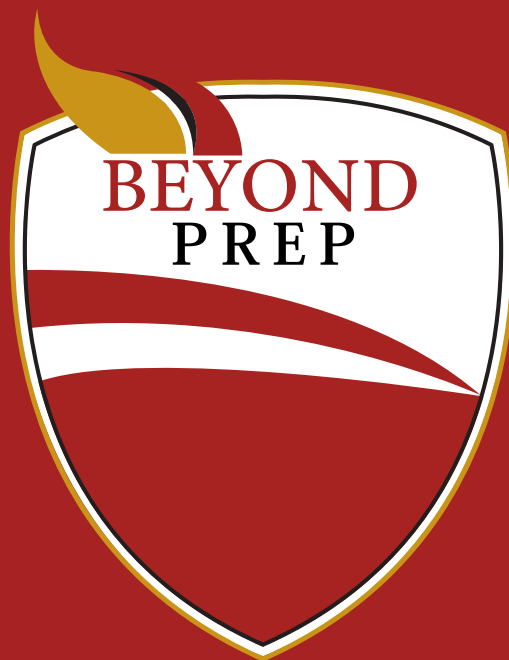

At BEYOND PREP, it is our belief that we give back to the society that has given us so much. We all know that education is one of the key factors for the growth of any country and thus, we try our best to encourage talent among those people who do not have the access to various learning resources that can help give them a bright future

BEYOND PREP initiates and encourages many social development activities by imparting education to the people of the underprivileged classes. BEYOND PREP works in collaboration with various schools and junior college of science in MUMBAI to provide free of cost education for 10 under privileged students so that they can prepare for a variety of competitive exams without worrying about the costs involved

Apart from this, BEYOND PREP also allocates special revision batches to the students who belong to the reserved category (SCST) in order to help them perform well in the competitive exams.

Not only this: BEYOND PREP distributes free books and other study materials to under privileged and needy students in order to motivate and uplift them.

BEYOND PREP also ties up from time to time with various schools/colleges, organizing seminars, offering career guidance and counselling to the students in these schools so that they can develop a scientific streak and consider a career choice in the Science and Technology streams. We also offer them advice and guidance on how to prepare and develop a strong foundation for the Engineering and Medical entrance exams
